RAKER'S BILL ARGUMENT PUT OFF

Pacific Coast Congressmen Are Not Heard by Committee on Exclusion Act

BRYAN ASKED HEARINGS ON BILL BE DEFERRED

Japanese Protest Yesterday May Bring About New Treaty With Japan

WASHINGTON, Jan. 22.—For fear of straining relations with Japan further at this time, the house immigration committee indefinitely postponed the hearing of Congressman Raker's Asiatic exclusion bill. It is understood that Secretary of State Bryan requested this action.

The administration today insisted that there is no danger of any serious break in the friendliness of present relations between Washington and the Tokio government. It was added that Japanese Foreign Minister Hattori's declaration before parliament yesterday that Japan must adopt the new American policy has been generally misinterpreted. It is denied that it implied any note of hostility. Secretary Bryan is understood to favor an entire new treaty covering the rights of Americans in Japan and of the Japanese in America.

Secretary Bryan insisted that a complete settlement with Japan regarding the California alien land controversy is imminent. It is understood he demanded that the committee withhold action to prevent interference in any step he plans toward a new treaty. The decision to drop discussion of the Raker bill followed an hour's executive session.

GIST OF BILL THAT WAS TO HAVE BEEN DISCUSSED
WASHINGTON, Jan. 22.—Steps to raise more stringent bars against immigration of Japanese, Chinese and Hindu laborers were to have been taken today by Pacific coast congressmen in hearings before the House immigration committee on the bill of Representative Raker of California, which would legalize practically complete denial of Asiatics of lower classes entrance into this country. Representatives Raker, and Johnson of Washington, and other Western congressmen planned to have all the Pacific coast "exclusion societies," labor and commercial organizations join in the fight against admitting the yellow races.

The pending immigration restriction bill proposes to prohibit entry to Asiatic laborers except those exempted by present or future laws and treaties. The Raker bill would go farther by naming the Japanese and Hindus particularly, and repeal any laws or treaties which would admit any of them as at present. Witnesses from San Francisco, Portland, Seattle and other coast cities are expected to testify.

The present agitation in Japan following the address of the prime minister, in which he declared the attitude of the United States as "not satisfactory," tends to increase interest in the Raker measure. The impression created here by yesterday's address before the Japanese parliament is that Japan is weary of delay and it is believed here that the United States must change tactics, either begin preparations for a new treaty with Japan in which the status of Japanese citizens will be settled, or else arrange for the settlement of the question in the United States courts.

REPORT ON RADIUM LANDS EXPECTED
Believed House Committee Will Send Favorable Report on Withdrawal

WASHINGTON, Jan. 22.—A favorable report on a bill withdrawing radiating lands is expected to be returned today by the house committee on mines and mining. The withdrawal of radiating lands is being stubbornly opposed by J. M. Flannery, president of the Standard Chemical Company, a group of scientists and others. Chairman Foster of the committee declared that he sees where Flannery and others interested can make huge fortunes in radium unless the government interferes. "You will soon see these radium people putting on the market a lot of radium pads and radio waters, which will mean more profit than the sale of radium," he said.

WALNUT PUT A STOP TO THEIR ELOPEMENT

A walnut put a stop to an elopement at the very doors of the courthouse this morning. How Dan Cupid must hate that walnut!

But Cupid with all his hate is not in the same class of haters with a certain young man whose wedding day was postponed—possibly forever. It happened this way.

The automobile came north on North Broadway. In it were a young man and a good looking girl. They were on marriage bent. The automobile came to the curb at the west door of the courthouse.

There is not a walnut tree within a block of that particular spot, but Fate had placed a walnut right on the pavement at exactly the right spot—or the wrong spot.

The girl stepped from the automobile, and stepped on that pesky walnut. It was a hard-shell walnut, and it rolled, and the girl went down in a heap with a scream that was some scream.

And well she might scream, for her ankle was sprained. The young man jumped to her side, and gently lifted her into the machine.

"It's a judgment sent upon me," wailed the girl, "for running off and trying to get married."

Right then and there the plans for immediate marriage were ended. The automobile was started up, and the machine was whisked out of sight. And nobody got their names.

MEN AND WOMEN SIGN UP AS CREW AND HELP

LOS ANGELES, Jan. 22.—With mining engineers signed up as stokers and deckhands and women accompanying their husbands to homes in Mexico registered as stewardesses and waitresses, the North Pacific steamer Catriona left Los Angeles harbor yesterday afternoon bound for Mazatlan. The non-arrival of a license authorizing the carrying of passengers made necessary this extraordinary complement of crew and dining room help if those applying for passage were to be accommodated.

WILSON ACTIVE AS TO TRUST MEASURES

Plans for Drafting of Bills for Legislation Urged in Trust Message

ASKS COMMITTEES TO BURY ALL DIFFERENCES

Reported He Would Make Changes in Leadership of Bills on Trust Legislation

WASHINGTON, Jan. 22.—President Wilson last night at a White House conference secured pledges from Chairman Adamson and Democratic members of the House interstate and foreign commerce committee that they would rush through trust legislation.

The committee is to draft bills creating a Federal Trade Commission and giving authority to the Interstate Commerce Commission to regulate new stock, bonds and other security issues by railroads.

The President recommended this legislation in his trust message. Trade Commission Powers

The House judiciary committee has prepared a draft of a bill creating the trade commission. This is to be presented to the House and referred to the Adamson commission. It provides for a commission of five members at salaries of \$10,000 a year each to be appointed by the President and confirmed by the Senate.

Those who have opposed the trade commission say that it will be without judicial powers, that its recommendations will have no official standing in the courts and that it will be used by the corporations as a buffer against prosecution because of its federal backing.

WILSON ASKS PERSONAL DIFFERENCES TO BE BURIED
The house judiciary committee today considered the bills drawn by Representatives Clayton and Carlin Floyd. Hearings will start next week before both the judiciary committee and the interstate commerce committee.

The President has appealed to the chairman of both organizations to bury all personal differences in handling the trust measures. It is understood that he has demanded that Chairman Adamson of the commerce committee withdraw from leadership in favor of Chairman Clayton of the judiciary committee. A similar rivalry is said to exist between Chairmen Newlands and Overman of the similar senate committees.

QUARREL RENDS CABINET OF ENGLAND

Lloyd-George and Churchill at Loggerheads Over Naval Expenditures

LONDON, Jan. 22.—A quarrel today between Chancellor of the Exchequer Lloyd-George and First Lord of the Admiralty Winston Churchill, over navy expenditures, threatens to disrupt the cabinet.

Churchill demands more ships. It is understood that he has declared he will resign if his estimates are cut. Lloyd-George, arguing that the country is unable to bear more naval tax, says he will resign unless the estimates are cut. It is rumored that seven ministers will support the chancellor, six will stay by Churchill, with five doubtful.

STATE TO CLOSE CASE TODAY IN HOP RIOT TRIAL

MARYSVILLE, Calif., Jan. 22.—The prosecution is expected today to close its case against Richard Ford, Herman Suhr, William Beck and Harry Bagan, accused of responsibility for the fatal Wheatland hop riot last August. It is still uncertain whether the state will introduce Suhr's alleged confession of his part of the affair. It is certain that if the confession is introduced the defense will try to prove that it was secured by torture.

OPPOSES PINDELL NOMINATION
WASHINGTON, Jan. 22.—A favorable report on the nomination of Henry M. Pindell, of Peoria, Ill., as ambassador to Russia, was approved today by the Senate foreign relations committee.

OSCAR STRAUSS, CORRESPONDENT, SHOT BY THE Z/PATISTAS

Oscar Strauss, correspondent of the Imparcial, a daily newspaper of Mexico City, has been executed by the Zapatistas, to whom he was sent for news of the revolution they have maintained in two states not far from the capital of the country.

He was sent by his newspaper to find Emilio Zapata, the former bandit and leader of one of the armies in the field against Dictator Huerta. Later word was received by his editor that he had been shot. Zapata, who is hardly yet more than a marauder, works on the theory that every stranger in his territory is an enemy. Strauss was the second newspaper man to be shot by the Zapatistas.

SPLENDID WORK WAS DONE BY SANTA ANA BOOSTING BODY DURING YEAR 1913

Annual Report of Secretary Metzgar Reviews Accomplishments of Last Twelve Months

The record of the Santa Ana Chamber of Commerce for 1913 shows the year to have been one of splendid achievements. Never in the history of the organization has more been accomplished during the course of any twelve months. The annual report of Secretary J. C. Metzgar made to the outgoing board of directors last night shows something of the things that have been done in the last year. The report is filled with a spirit of optimism, looking to the future growth of Santa Ana.

Last night the 1913 board of directors adjourned, and the new directors organized by electing W. A. Zimmerman president; Fred Rafferty, first vice-president; G. B. Shattuck, second vice-president; H. T. Rutherford, treasurer; J. C. Metzgar, secretary, and Harvey A. Gardner, representative in the Associated Chambers of Commerce of Orange County. The other representative in the county organization is W. A. Zimmerman, who holds over.

F. H. Case, president of the outgoing board, thanked the directors for their co-operation and hard work. A resolution was passed expressing hearty appreciation for the good work done during the year by the president and secretary.

In taking charge of the new board, Mr. Zimmerman declared that the new board would have to "go some" if it accomplished as much in 1914 as was accomplished in 1913. On the new board are W. A. Zimmerman, Fred Rafferty, G. B. Shattuck, H. T. Rutherford, H. A. Gardner, E. E. Vincent, E. A. White, G. S. Smith and C. G. Stock.

Annual Report
The annual report of the Santa Ana Chamber of Commerce for 1913, by J. C. Metzgar, secretary, follows: The Santa Ana Chamber of Commerce enters its twenty-sixth year of work as a city and community builder, increasing in force in its progress as large demands are made upon it by the splendid growth and development of Santa Ana.

As the city for which it labors fights to the front and is taking its rightful place among the more important cities of this splendid state, the Chamber of Commerce has also grown and is able to face the coming year better equipped than ever with the sinews of publicity, and able to meet the keen competition in city building.

Live civic organizations of this nature are an important asset to every citizen in the community. Its members are representatives of progress, energy and solidarity. Its influence in the past has been paramount in advancing the interests of each and every resident, regardless of his station in life. It is a form of insurance to the property owner and to the business man. It insures community growth and prosperity. What chance for illustration, has a non-advertised community against one that enjoys an efficient publicity bureau and is telling the civilized world where it is and what it is.

Building a reputation is as profitable to a city as it is to an individual or a business. The Chamber of Commerce is taking a part in building a reputation for Santa Ana and is spreading the gospel of its wonderful attractions and resources to the uttermost parts of the earth, and it has been truly said that community prosperity follows publicity. Recently a local paper pointed with pride and in large type to the fact that "Santa Ana leads all cities of her class in building." This alone is encouraging to the men who have given freely of their time to the work of public progress. The Chamber has been fortunate in having in its councils the benefit of the judgment

BATTLE NEAR AT HAND IN MEXICO

Believed Torreon Will be Scene of Important Struggle Within Ten Days

BOTH SIDES HURRYING TROOPS TO RENDEZVOUS

Rebel Successes Are Reported; Fresh Rumors of Huerta's Near Retirement

EL PASO, Jan. 22.—Another battle in Mexico as momentous as that recently fought at Tierra Blanca, Ojinaga, will begin within ten days at Torreon, according to advices received from Chihuahua City today. Rebels from all sections of Northern Mexico are hurrying to rendezvous there, where General Villa has personal command. Realizing that Torreon is the key to all the territory between Coahuila and Mexico City, the federals are massing all available troops from the capital, Saltillo, Monterey and San Luis Potosi.

General Villa expects to have 15,000 men ready for the attack. The federal strength will be less. Villa is supremely confident. In a public statement made today he predicted that his troops "will capture Torreon and thus knock another prop from under the tottering throne of Huerta."

It is predicted that if Torreon is taken by the rebels, all the cities to the capital will easily fall.

MEXICO CITY, Jan. 22.—The rebels are reported as having defeated two thousand federals with heavy loss, near Culiacan. Other rebel successes are reported from Zacatecas, Tuxpan. Fresh rumors are circulating that Huerta is again negotiating with Lind regarding his retirement. It is still said that Francisco de la Barra is suggested as his successor.

HUERTA SEEMS TO BE ABANDONING THE NORTH
WASHINGTON, Jan. 22.—Army officers here who have been following the Mexican congress believe they see signs in recent events of a purpose on the part of the Huerta government to abandon the whole northern tier of Mexican states to the Constitutionalists.

They suggested today that the movement of the federal troops at Laredo might really be in the nature of an evacuation, and that eventually the 2400 federal troops near Laredo, with the 1200 at Monterrey, and the 800 at Ciudad Portillo Diaz, will be concentrated, perhaps at Torreon or Tampico, to form part of the line of defense which the Huerta forces are supposed to be drawing across the country from east to west.

GUNMEN BRUTALLY BEAT SALOON MEN

Gang Cornered by Police and Four of Six Caught—"Gyp, the Blood" Being Sought

NEW YORK, Jan. 22.—Six gunmen this morning attacked the saloon of Felix Scharoff in Brooklyn, where they beat Scharoff insensate before his little daughter, then rifled the cash register. An hour later they entered Edward McDonald's saloon and also beat him unconscious because he had refused them admittance when they were fleeing before the police on the other job. Police officers surrounded the gang in a vacant house, on Tallman street, and captured four of them after a battle.

The police are combing the tenderloin for "Gyp, the Blood," who killed a saloon-keeper yesterday because he claimed that the man gave the information that sent the original "Gyp," connected with the Rosenthal murder, to Sing Sing.

MRS. WILSON IS PLAINTIFF IN SUIT

President's Wife Seeks Title to Eight Acres Date Land Near Calexico

LOS ANGELES, Jan. 22.—Mrs. Woodrow Wilson, wife of the president of the United States, was the plaintiff today in a suit before the federal registrar's bureau seeking to oust H. L. Goddard from eight acres of date land located near Calexico, claiming a prior right.

Mrs. Wilson was represented by Attorney J. F. King, who several months ago purchased for her for \$101 a state lien on land scrip carrying title to the land in question. The notice of purchase was published in a Calexico paper but was later returned by the Interior Department as incorrect with an order for another publication.

King alleges that the notice was not published a second time and that two months ago Maud Compton, a sister of C. L. Compton, publisher of the paper, filed a homestead on the property. She later sold her relinquishment rights to Goddard, who filed a desert claim.

FRESH RIOT CHARGE LAID AGAINST MRS. PARSONS

SAN FRANCISCO, Jan. 22.—A charge of inciting to riot, laid Tuesday, was dismissed yesterday and a fresh charge of rioting—a more serious offense—was placed by the police against Mrs. Lucy Parsons, widow of one of those hanged for participation in the Haymarket riot in Chicago.

Mrs. Parsons led two unsuccessful attempts of the unemployed to hold meetings Tuesday night contrary to a police order.

Mrs. Parsons was released late yesterday on \$250 bail. She denies there was any riot of disturbing the peace, made against two men in connection with the arrest of Mrs. Parsons, were dismissed.

The trial of William Thorn, named as ringleader in a riot last week, was set for January 28.

May Allow Changes of Party Affiliation to Be Taken by Deputies

Possibly County Clerk Williams will give a few of his registration deputies authority to take affidavits changing party affiliation. By February 1 he will decide whether or not there appears to be a large demand for such action.

S. J. Jackson, chairman of the Progressive Central Committee, believes that a great many Progressives have registered under some other party on account of not being familiar with the present conditions, and that a large number will want to change their party affiliations. Two years ago Progressives were urged to register as Republicans, and they may not understand that now they can register as Progressives.

Previous to the last election, party affiliations could be changed only at the office of the county clerk, and that is the method still in use by the county clerk. Williams is ready to make it easy for any person to change a party affiliation if voters so desire, but he hesitates about launching into giving outside deputies control of any other document than the registration affidavits. Registration affidavits are easily kept track of. Party affiliation

BIG INCREASE IN SHIPMENTS

Fullerton's Railroad Traffic
Grew in Spite of Shortage
of Oranges

FULLERTON, Jan. 22.—The business at the Fullerton depot for the year 1913 shows a big increase over the year 1912, notwithstanding there was about 15 per cent shortage in orange shipments. The increase is largely in passenger traffic.

For the year 1912, the local ticket sales footed up \$35,110 and for coupon, or overland tickets, \$15,084.

For the year 1913, the local ticket sales were \$38,543 and the coupon ticket sales \$20,570, making an increase in local sales of \$3,533 and the increase on coupon sales \$5,285, which is considered a good showing for the local depot. There was also an increase in freight tonnage handled.

During the year 921 carloads of products were shipped from the Fullerton station and 1,684 carloads of merchandise, etc., were received.

George Schneider, manager of the California Vegetable Union at Long Beach and surrounding territory, was here this week. He reports that his company has shipped from that district since December 4, twenty-four

carloads of celery and that it has about 75 cars yet to move. The blight is destroying a small part of the crop.

Manager E. C. Miles of the Fullerton Mutual Orange Growers' Association reports that his company received \$1.29 net on fancy Christmas fruit and \$1.03 net on choice Christmas fruit. He reports that the growers are well satisfied with the results.

Felix Yriarte is in San Diego county and will make many improvements on the property purchased there some time ago.

J. M. Wymer of Buena Park is in correspondence with some Pittsburgh millionaires who have money to invest and in the near future he will organize a syndicate and will begin sinking a well for oil on his own thirty-five acres on West Orange-thorpe.

The Amalgamated Oil Company has just made a report to the water company, showing that 71,713 barrels of oil were shipped during December and that 8,797 barrels of royalty oil were delivered to the water company, leaving on hand 16,693 barrels.

FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25 Cent
Bottle of Danderine
Right Now

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp, of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.—Advertisement.

RIVERSIDE BURNS \$1,895,500 PAID-UP TWENTY-YEAR BONDS

RIVERSIDE, Jan. 22.—Tuesday at noon the stockholders of the Riverside Water Company, at the annual re-election of officers and directors, celebrated an epochal event in the payment of the last dollar of indebtedness by burning \$1,895,500 in bonds and securities. George Frost, ex-president of the company, who signed the bonds twenty years ago, applied the torch. The company is now cementing its entire length of open canal at a cost of \$45,000.

AFFINITIES ONCE BARRED FROM U. S. CAN NEVER ENTER

NEW YORK, Jan. 22.—Affinities, once barred with their soulmates at Ellis Island, can never again enter America, either singly or married. This is the warning in a United States Circuit Court of Appeals decision by Judge Henry Wade Rogers, concurring with Judges Cox and Ward. Under it Hans Bauer, a millionaire Swiss merchant of Chicago, who brought his affinity here in 1910, loses his fight against deportation, though he has taken out first papers.

COLDS TO BE TAKEN SERIOUSLY

Intelligent people realize that common colds should be treated promptly. If there is sneezing, with chilliness and hoarseness, tickling throat and coughing, the latter especially annoying at bed time, use Foley's Honey and Tar Compound. It is effective, pleasant to take, checks a cold, stops the cough which causes loss of sleep, and lowers the vital resistance to disease. NIGHT SCHOOL IS ORGANIZED

Anaheim High School Institutes
an Additional Feature to
its Work

ANAHEIM, Jan. 22.—A meeting was held at the High School building for the purpose of organizing a night school. The faculty offers courses in book-keeping, Spanish, commercial law, business English, practical arithmetic, civil government, English literature, domestic science and penmanship without charge for tuition. These classes are open to the adult population of Anaheim without reference to previous schooling. About 150 were enrolled, the classes in Spanish and domestic science receiving the greatest number. Prof. D. W. Hauck, principal of the High School, stated that special classes would be formed for those speaking foreign languages and desiring to learn English.

The Twilight Club gave the third of its dancing parties last evening under the auspices of the Knights of Columbus. Messrs. Frank Mauer, Leo Sheridan, Elmer E. Brus and Robert Rimpau composed the committee in charge of arrangements.

REDONDO PREPARED FOR MONTH'S HIGHEST TIDE

REDONDO BEACH, Jan. 22.—A six-foot four-inch tide washed the coast this morning at 6:12 o'clock, one of the highest tides of the month. In preparation for this high water mark the city has erected an embankment consisting approximately of 30,000 sacks of sand stretching along the ocean front from Third street south to the amusement center.

The peculiar action of the tides continues to throw up shoals of sand bars and moonstones. Directly opposite Second street the ocean has gouged out a ditch twelve feet deep and a block north of this spot a shoal of sand stretches into the ocean for several hundred feet.

HEADACHY, COSTIVE, BILIOUS,--'CASCARETS'

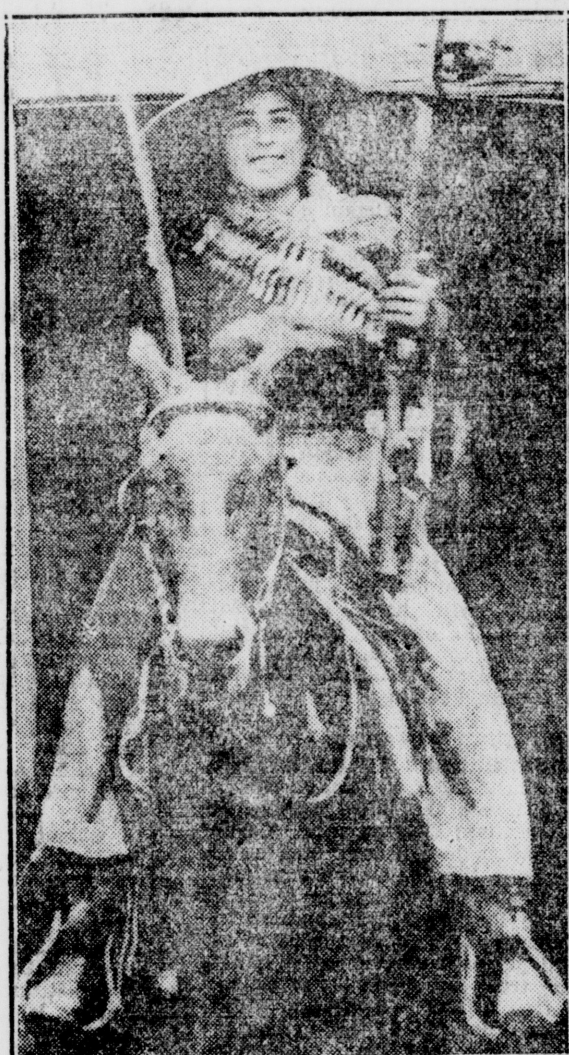

Liver and Bowels Are Clogged
—Clean Them Tonight!
Feel Bull!

Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.—Advertisement.

Captain Marianna Gutierrez, Leading Her Company
In the Battle at Ojinaga on American Border

A new heroine has come out of the battle of Ojinaga, near Presidio, Tex. as, certain sensational accounts of which have had some thousands of Mexicans killed. Captain Marianna Gutierrez was a peaceful school teacher at the time the troops evacuated Chihuahua City under General Mercader upon the approach of the forces of General Pancho Villa. With the federal troops in possession of the town she could do nothing. But she was ready for action. But when the soldiers sent by Villa to pursue the federalists arrived she came out in her true colors for the revolutionists. She demanded to be given command, and the rebel general Chihuahua City under General Mercader made her the captain of a company of 100 men she had organized and drilled. Then her troops took part in the fighting.

SOCIALISTS DEMAND USE OF ANAHEIM SCHOOL BUILDING

ANAHEIM, Jan. 22.—At a recent meeting the board of education of this school district turned down a request from the local Socialists for the use of the school buildings. The Socialists allege that under the law they are entitled to use the buildings for their meetings and have taken the matter up with their party leaders, with the result that members of the board are in receipt of the following communication:

Los Angeles, Cal., Jan. 15, 1914. William Chambers, Mrs. J. W. Wallop, C. Boege, Members Anaheim School Board. I am informed that you have turned down the application of the local Socialist organization for the use of the school building under the provisions of the state law which entitles them to occupy said building.

I feel sure that your action in this matter has not been taken because of any prejudice you may hold in the matter, but in all probability because you are not fully apprised of the provisions of the law which was enacted by the last legislature.

We are using school buildings all over the state. Here in Los Angeles we have had no trouble whatever—the Los Angeles school board giving us the use of any school building in the city which we have asked for. I have spoken in several of the school buildings myself.

Let me assure you it is not our purpose to abuse this privilege. The meetings which we will hold will be open to any one and it is our purpose to hold these meetings for the purpose of bringing the neighborhood together and have a full and free discussion of those questions which are of such public interest as to interest all.

The state superintendent of schools has confirmed the application of the law in this matter and I feel sure when you understand the provisions

HONOR SYSTEM IN PRISONS SUCCESS

Expert Criminologist Tells How
Convicts Are Trusted and
"Made Over"

COLUMBUS, Ohio, Jan. 22.—"There's a spark of good in every man; the blood will tell" idea is bosh; if a man isn't a thorough criminal he can be trusted; normal men have honor and they can be relied upon to a certain extent, some more, some less."

Thus prefacing an explanation of Ohio's new "make man" policy, Warden P. E. Thomas, the first expert criminologist ever in charge of Ohio's famous old penitentiary, today told the United Press correspondent that the honor system among convicts is a success. Warden Thomas has experimented with the honor system in Ohio a little over a year today. Here are a few plain facts about the system as explained by the warden:

About 360 men are working in the open air on their honor. A big percentage of the men are building roads for the state. Guards aren't needed, an overseer bosses the work. The largest per cent of "honor men" are life terms. They wear blue overalls like ordinary laborers and have Sunday clothes. They go to church on Sundays. They work eight hours a day. They are paid five cents an hour; ninety per cent goes to their dependents, the rest to them. Less than one per cent have tried to escape in a year. Honor men have all served from one to fifteen years behind bars. One prisoner who was recently sent out to work "on his honor" after sixteen years behind the bars, was badly frightened by a passing automobile. He is serving a life sentence for murder. "The long term men are the best," said Warden Thomas. And Warden Thomas is

Countess Molitor to
Cross the Desert Alone

Countess Molitor, well known in England for her adventures in the wild places of the earth, has gone on a perilous journey across the Ruba-el-Khali, the great sandy desert of south Arabia. Other European explorers have tried this journey and all have failed. Yet the intrepid woman believes she can make the trip without other aid than that of the natives.

said to know his men from "A to Z." "Criminals are classified in four divisions," declares Ohio's warden. "They are the feeble minded, criminal by choice, criminal by circumstances, and criminal by environment. The theory that 'blood will tell; like father like son' is all wrong. Men are good for three reasons: Those of the higher mentality do right because it is right to do right; a second class do right through hope of reward; a third class do right through fear of punishment."

It is the first and second divisions from which Warden Thomas recruits his honor men. Warden Thomas has accomplished other things aside from succeeding with his honor system. He has eliminated stripes and substituted a light grey material for prison uniforms; abolished inhuman punishments, such as water cures, chain stringings and whippings; put into operation the theory that a full stomach contributes to discipline; built new and better ventilated cells and established a dormitory for "good" prisoners where several hundred of them will soon have their own tables, chairs and beds with no bars in sight.

EMBROIDERY CLUB HAS AN ENJOYABLE AFFAIR

(By Staff Correspondent.)
ORANGE, Jan. 22.—A very delightful afternoon was spent yesterday by the Wednesday Afternoon Embroidery Club at the home of Mrs. A. R. Hoefer in Nutwood Place.

Twelve members were present and one guest, Mrs. Williams, of Los Angeles. The club spent the time pleasantly with tatting, embroidery and crochet work, until the hostess asked them to lay aside their work and partake of delicious luncheon.

The club adjourned to meet again in two weeks at the home of Mrs. Fay Aechan in the Clyde apartments on South Olive street.

The Orange Athletic Club basketball team lost a hard game to the Whittier Athletic Club last evening by a score of 29 to 22. The game was played in Whittier.

During the first half the score ran even, this period ending with a score of 16 to 14 in favor of Whittier, eight of Whittier's points having been made on fouls.

In the second half Whittier insisted on choosing its own referee, and this official's work was very effective. He succeeded in fouling the Orange team and the crowd so often that Whittier was able to get a total of 13 points on fouls, practically half of its entire score.

On general playing and in throwing legitimate field goals the Orange team out-classed Whittier, but the handicap of a partial official could not be overcome.

Mr. and Mrs. P. M. Lough and Mr. and Mrs. J. P. Boring enjoyed one of the trolley trips out of Los Angeles today.

Agent M. N. Claypool of the Santa Fe, with his wife and daughter Mildred, are enjoying a vacation trip of ten days or two weeks in San Francisco. They were accompanied by Santa Fe Cashier McGann and wife, of Redlands.

Mr. and Mrs. W. H. Hilbert and daughter, of Astabula, Ohio, are making a short visit at the home of Mrs. Josie M. Bailey, 278 North Orange street. The Hilberts are spending the winter in Southern California.

Mrs. W. B. Cannon of Los Angeles is visiting at the home of her mother.

WHAT IS DOING ABROAD

By Karl Von Wiegand, Berlin Correspondent of U. P.

BERLIN, Jan. 22.—From simple lieutenant in the Kaiser's guard at Potsdam to King of Albania, is the jump that Prince Wilhelm of Wied will make late this month. It is the third ruler that Germany will furnish the troublesome Balkans. Germans soon will govern the greater part of the Balkan country. Slowly but surely the Kaiser's influence in the form of a chain of German rulers, extending from Berlin to Constantinople.

At Bucharest is King Karl of Roumania. He is a Hohenzollern Prince of a branch of the Kaiser's house. His Queen—Carmen Sylva—was Princess of Wied. At Sofia is Czar Ferdinand of Bulgaria, a German Prince from the house of Coburg. His wife is Queen Elena, a Princess of the German principality of Reuss. The Queen of Greece is a sister of the Kaiser. And now Albania, the new nation born out of the throes of the Balkan wars, is to be given to Prince Wilhelm of Wied. That leaves but two Balkan thrones not occupied by Germans, Serbia and Montenegro. At Constantinople one of the Kaiser's generals, General Liman von Sander, at the head of a group of German officers, is reorganizing the Turkish army.

The Albanian people had nothing to say about being made into a nation and still less as to who shall be their ruler. The "powers," whom the Greek premier during the war sarcastically referred to as "real respectable old ladies," "made" Albania into a nation and selected the man who shall sit on the newly created throne. At the start his title will merely be the Prince of Albania, but there is nothing to hinder him, promoting himself to King in name, which he will be in fact. Nikita of Montenegro changed his name from Prince to King one day and has been King ever since. Karl of Hohenzollern went to Bucharest as Prince of Roumania and did such a good job in governing the country that the Roumanians had no objection to his promotion as King.

No one envies Prince Wilhelm his new job. The throne went begging for a long time. No one seemed to have the nerve to tackle the task of governing the fierce Albanians. After consulting the Kaiser, Franz Joseph of Austria, King Karl and Ferdinand at Sofia, and receiving assurances that they would send a rescue expedition if he "got in bad" with the Albanians, Prince Wilhelm decided he would take the chance on being King. Albania is the most backward, uncivilized country in Europe; its people the fiercest. It is the home of "blood feuds," the Paradise of tuberculosis and the hell of women. Law with the Albanian tribes is written in blood. Blood is law. Albania

is the original Kentucky. Its law is "a jaw full of teeth for a tooth" and "two eyes for an eye."

Many of the houses or the better classes are strong and well built. They must be so, they often must be turned into forts. Sanitation and hygiene, even of the most elementary form, are unknown. This, together with the habitual excess in the use of alcohol, coffee and nicotine causes the white plague to rage among the people. Sixty per cent of the deaths are said to be from tuberculosis.

Prince Wilhelm will govern a country where women are considered little more than beasts of burden. They are treated like slaves. The life of an Albanian girl is inexpressibly sad. Until she is married she rarely sees even her nearest relatives. She merely works. Aside from the house and field duties, her principal occupation is embroidering on silk and cotton. During these years she not only makes her trousseau, but also the clothes for the expected children and her "death robe." All these, as established by century-old customs, she must have. Her fate is decided by her father and by him only. He picks out her husband whom she does not see until the day of the wedding. Instead of a dowry being given with the bride, the bridegroom "compensates" the father for the loss of so valuable a worker in his house. Usually the bridegroom pays from \$10 to \$40 for his bride.

When the father notifies his daughter that he has selected a husband for her, custom demands that she must "take on" as if she were about to go to her death. No matter how happy she may feel at the thought of leaving the prison-like home, she must cry, weep, moan and give all possible expression of utter despair, when the bridal coach in the form of a lumbering old wagon drawn by oxen, creaks before the bride's door. Once in the church it would be a serious offense against good breeding, did she say "Yes" before the priest had asked her at least three times for this word. After the wedding the bride is taken to the bridegroom's home. The latter "refuses" to go home. Simulating the greatest objection and struggling fiercely, he is dragged and carried to his bride by his relatives.

When the young wife is about to become a mother, her relatives place her death-robe in her room where she may see it. When the death of the last member of the family occurs, the room in the house is destroyed and a thorn bush placed there; one window closed with masonry, the fruit trees in the garden cut down and all the flowers around the house torn out by their roots.

Prince Wilhelm will have his hands full to civilize the Albanians.

Mrs. B. F. Goodrich of Hemet was calling on old friends here yesterday. The Modern Priscillas met yesterday afternoon at the home of Mrs. Blanche Porter, with eleven members and two visitors present. A very enjoyable afternoon was spent with fancy work. The house was prettily decorated with roses and violets, pink roses being used in the dining room and violets in the living room. Refreshments were served at the close of the meeting and the club adjourned to meet next week with Mrs. Elsa Leichter.

HEALTHY HAIR—NO
MORE DANDRUFF

Parisian Sage Makes Dry, Unattractive Hair Soft, Fluffy, Abundant and Radiant With Life

It's entirely needless to have unsightly, matted, scraggy or faded hair. A little care is all that is needed to make it soft, pretty, perfectly healthy, and free from dandruff, the hair destroyer.

Use Parisian Sage—it supplies hair needs and is absolutely harmless. It cleanses the scalp of all dandruff, quickly stops itching head and falling hair, and is one of the best tonics to stimulate the hair and make it grow long and beautiful.

Get a bottle of Parisian Sage today from Rowley Drug Co. or at any drug counter. It costs but 50 cents. Rub it into the scalp—all dandruff disappears—your head feels fine—the hair is pretty and perfectly healthy.—Advertisement.

halm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing; catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

GRADUATION IS
JANUARY 29

The State Normal School at San Diego will finish one of the most successful terms in its history when the mid-year commencement exercises are held, January 29. On that day a class of thirty-two future teachers will be graduated, many of whom have already secured positions through the employment bureau of the school. The commencement exercises will be held out-of-doors in the new Greek theater, which has been secured by the construction of a portable amphitheater, facing the great central part of the main building. As a departure from the conventional commencement exercises, a program of music to be furnished by Mr. Frederick Rye, tenor soloist, and the normal school Philomela chorus, has been arranged.

January 30 and 31 will be given up to registration of entering students, and the new junior and senior classes will begin regular work on Monday following, February 2. A good mid-year enrollment is anticipated, not only from the territory of Southern California, but from the states of the Southwest, and even those of the Middle West, where the school is already attracting attention on account of its new and progressive features, such as out-of-door rooms, the division of the training school into an elementary school and an intermediate school, the excellent opportunities offered for vocational work, and the strong courses offered in the usual cultural studies.

The faculty and trustees of the school at recently held semi-annual meetings have decided to hold a summer session for teachers, extending from June 29 to August 7. It is expected that the success of the summer session of 1913 will be followed by an increased attendance, reaching probably the figure of four hundred students. The standard features of last summer's session will be repeated, and numerous new courses in special phases of school work will be offered. The whole program is to be

CARABAO JINKS HAS COST
ADMIRAL ASIATIC COMMAND
WASHINGTON, Jan. 22.—Because he was one of the officers reprimanded as a result of the Carabao incident, Rear Admiral Thomas Howard will not be made commander-in-chief of the Asiatic fleet, a command to which he had been designated before the Carabao dinner. Admiral Howard will instead take command of the Pacific fleet, succeeding Rear Admiral Walter C. Cowles.

It is explained by Secretary of the Navy Daniels that the reason for depriving Admiral Howard of the command of the Asiatic fleet is not to penalize him, but in deference to the feelings of the Filipinos.

EPHEMERAL FAME

What is fame and what makes it worth while? Is it a fact or a feeling? A prize steer butchered the other day at the state university farm at Davis had fame as a fact. He was the champion steer of the world. He had turned less food into more beef in less time than any other steer on record. This was a genuine achievement of the championship class and it had been made known to all the stock breeders in the world. Therefore as an objective fact this steer was really and justly famous. Meantime, in the Stockton insane asylum Julius Caesar and Alexander the Great contemplate their own glories and enjoy all the subjective sensations of an illusory fame. In the one case there is the fact of fame, without the sensation, and in the other case there is a sense of fame without the fact. Obviously in each case the fame is worthless to the object thereof. But zero added to zero equals zero. Therefore if fame as a fact is worth nothing and fame as a sensation is also worth nothing, the two combined are equally worth nothing, and this is all that genuine human fame is. It thus follows that fame is nothing and is worth nothing. Or does it follow? Just as an exercise in thinking, see if you can find the fallacy in the above argument.—Fresno Republican.

SHY 800,000,000 BUSHELS

WASHINGTON, Jan. 22.—A delegation representing the Farmers' National Union appeared before the house banking committee yesterday in support of rural credits legislation.

"The present corn crop is short 800,000,000 bushels," declared S. C. Hobbs, who headed the delegation. "What J. H. Hill predicted years ago that the time would come when the farmers of this country would not raise enough to feed the people, he was laughed at, but that time is now at hand."

SHOE BUSINESS GOOD IN
SPITE OF NEW TARIFF LAW

BOSTON, Jan. 22.—John S. Kent, president of the New England Shoe and Leather Association, asserted at the annual meeting of the organization that notwithstanding tariff legislation, which was expected to prove a detriment to the shoe business in New England, the shoe business in New England was in a satisfactory condition. He urged the association to use its influence in defeating the so-called "pure goods bill" now before congress, saying that such legislation would advance the price of shoes to the wearer and offer a serious menace to the manufacturer.

"BATTLE PARTIES"
THE RAGE IN TEXAS

PRESIDIO, Texas, Jan. 22.—Presidio, El Paso and San Antonio today are engaged in a fierce rivalry for the entertainment of "Battle Parties." "Battle Parties" here and at the other two Texas cities are quite the rage. Several men in each of these cities have organized into "seeing battles" companies which have been doing a thriving business supervising trips to advantageous points near the Mexican cities of Ojinaga, Juarez and Nuevo Laredo while the recent engagements between federals and rebels were in progress there.

OCEAN STEAMER TO
PASS THROUGH THE
CANAL NEXT APRIL

PANAMA, Jan. 22.—The Panama canal has reached such a condition of completion that a large ocean steamer could now pass through, according to a statement by Col. W. Goethals. There is thirty feet of water through the Culebra cut and the Cucaracha slide, and it is Colonel Goethals' intention to send a Panama railroad steamer through the canal in April.

JEFF DAVIS' DUELING
PISTOLS TO DAUGHTER

WASHINGTON, Jan. 22.—The war department will turn over to Mrs. Joseph A. Hayes of Colorado, eldest daughter of the president of the Confederate States of America, the dueling pistols belonging to Jefferson Davis, which were captured by Union troops near the close of the war. The attorney general says the pardon and amnesty granted Mr. Davis proves the government has no right to his property.

U.S. WOULD ANNUL
NATURALIZATION OF
ONLY JAP VOTER

LOS ANGELES, Jan. 22.—Ulysses S. Kaneko, the only foreign-born Japanese citizen of the United States, whose glory it has been for eighteen years that he is a voter, and who declares he would follow the stars and stripes, if this country were to declare war against his fatherland, stands in danger of losing his citizenship.

Harry D. Archbald, deputy United States district attorney, filed complaint in the United States district court yesterday, calling on Kaneko to show cause why he should not surrender the citizenship papers granted him March 27, 1896, by Judge George E. Otis, of the superior court of San Bernardino county.

The United States authorities believe Kaneko, who is a hotel proprietor of Riverside and one of the wealthiest Japanese of Southern California, was naturalized through some error, as the law expressly forbids the naturalization of foreign-born Asiatics.

WOMAN'S CLUB MEETING

"The Ideal Home" Was Theme of Discussion—Birthday of Club Near at Hand

"Home, its significance, and what comprises an ideal home" was the topic for discussion at the Woman's Club Tuesday afternoon, and the subject was given in response to the roll call.

Mrs. E. H. Mills, the leader, opened the "Ideal Home" discussion with the questions: "What is an ideal, what the home means, and who makes the home? Does it necessarily require a man and a woman to make a home? What is the greatest asset of a home? An ideal is the highest conception of anything; the home represents to us everything worth while, and the greatest asset of home is affection, sympathy and love, the love that draws together the father, mother and child. No home is complete without the three component parts, though there are happy homes outside of married life. Good comradeship between husband and wife is a valuable asset. He is not satisfied with merely a good cook and housekeeper. These are a few of the points brought out in the discussion in reply to the questions.

Mrs. Mills read an extract from an essay on "The Home" by the Hindoo author Rabindranath Tagore, as her conception of an ideal. It follows: "I stopped for a moment in my lonely way under the starlight, and saw spread before me the darkened earth surrounding with her arms countless homes furnished with endles cradles and beds, mothers' hearts and evening lamps, and young lives glad with a gladness that knows nothing of the value of the world."

A gracious invitation of Mrs. Robert English was given to the club to celebrate the birthday anniversary at her home on South Main street, which was accepted with thanks. The anniversary will be on Friday, February 6, as stated in the printed program.

Three new members were taken into the club, Mrs. Mary Balderston, Mrs. Mary E. Shaw, Mrs. Mary E. Stanley.

Miss Lurie Phipps sang sweetly two vocal solos, the members joined in singing "Home, Sweet Home," and the meeting adjourned to meet on Friday, January 23, at 4:15 p. m., and on Saturday, January 24, at 7:30 p. m. Each of the recitals will take place at the home of Miss Grace Cargay, Cargay Apartments, corner Fifth and Bush streets.

Students' Recital
Miss Virginia Johnston will present her piano pupils in recital on next Friday, January 23, at 4:15 p. m., and on Saturday, January 24, at 7:30 p. m. Each of the recitals will take place at the home of Miss Grace Cargay, Cargay Apartments, corner Fifth and Bush streets.

AT THE WATSON HOME

Congregational Missionary Society Had Very Delightful Meeting Yesterday

No better meeting of the Woman's Missionary Society of the First Congregational church has been held recently than that taking place yesterday at the spacious home of Mrs. W. E. Watson on the corner of Bush and Seventeenth streets. The Watsons, who recently came here from the North, have not long owned this home but have made it a most cheery and attractive one. The hostess greeted the ladies cordially and each arriving felt the atmosphere of hospitality. There was an extremely large number of ladies present, including members and guests.

An excellent program was rendered, which was opened by a piano solo played by Mrs. R. E. Miles. Mrs. Neu followed with a soprano solo and a quartet of ladies comprising Mesdames C. F. and W. H. Crose, A. E. Chapman and Neff pleased with a number which was accompanied by Mrs. F. C. Rowland.

Mrs. Blake talked on the theme of the afternoon, "Our Missionaries," dwelling particularly on Miss Jilison's work. Mrs. A. J. Crookshank then reviewed "Dr. Apricot of Heaven Below," giving the review in her own inimitable way.

The devotionals of the day were led by Miss Catherine Shaw, who interestingly told the old but always fascinating story of the Bible heroine "Queen Esther." During the business meeting that preceded the program, Mrs. Anna Pendleton resigned from the office of secretary, owing to expected absences. Mrs. Jack Crose was chosen to succeed Mrs. Pendleton.

As a pleasant finale to a pleasant afternoon, a social hour followed the program and during this time Mrs. Watson served tea and coffee with fancy cakes.

The Art Study Club

The Art Study Club met last night at the home of Mrs. Emory Ratcliffe, 444½ South Birch. A large number of members were present, also several guests, the latter including Mr. Burger, an artist who is at present doing work in Santa Ana.

Miss Carter had the paper of the evening, a treatise on "Modern French Art." She traced French art through the classical period, the Romanticists, the Realists and the Impressionists, paying special attention to the theory and method of the last, who form a very interesting group in French art. After the paper and its discussion, hot chocolate and sandwiches were served by members of the club.

A delightful feature of the evening was the informal spirit of discussion of Miss Carter's paper and the spirit of sociability prevailing during the hour following the study period.

The next meeting will be held with Mrs. A. J. Padgham, 208 East Ninth street, on the third Wednesday in February. At that time Miss Childs, lately of Chicago but now of Tustin, who does water colors and china painting, will talk to the club.

The club is looking forward to Miss Childs' talk with pleasurable anticipation.

At Mrs. Frank Heil's

The regular Foreign Missionary meeting of the First Methodist church was held yesterday afternoon at the home of Mrs. Frank Heil. Following the regular business, a program was enjoyed of which the principal feature was an able address by Mrs. Sawyer on China. A pleasing musical number was sung by a ladies' quartet.

Free Shooting Exhibition

There will be an exhibition shoot on South Main street at the city limits Saturday, Jan. 24th, at 1:30, by two of the best shots in the country. Mr. Hillis and Mr. Clements, representatives of the manufacturers of Remington and U. M. C. ammunition. Everybody is invited to come down and see the shooting. For further information call at Livesey's Bike Shop.

MUTT AND JEFF PLAY TO CROWDED HOUSE

Mutt and Jeff, Bud Fisher's famous funny men, once more proved their wide popularity when last night at the Grand they played to a house crowded from the orchestra rail to the last seat in the gallery.

The program gives the information that Mutt, Jeff and Company have but one idea, which is "Just to make you laugh," and they fill the bill nobly. Mutt and Jeff themselves were of course the favorites, and their funny antics were greeted with unbounded delight. Ben Byron, with the wonderfully well developed nose, is a capital Mutt, and little Louis Merkel as Jeff was funny enough to suit the most critical, and was billed about and called names by Mutt just as the funny papers describe every day.

Besides these fun makers there was a good sized chorus and a number of good natured principals who kept the merriment going. The most attractive member of the company is Nell McCune, as Cecily. She is a graceful, dainty little girl with lots of sparkle and ginger, and she was very popular. Emily Nelson was made attractive by pretty Madeline Grey, and Marion Benson made the most of the comical Aunt Sophia, while Madge Lawrence displayed enough plump back to make Kitty Gordon and Valeska Surraut feel jealous.

There isn't anything new or striking about the plot or the music, but the whole affair proved a sure laugh-getter, and since that is its avowed ambition, it must be labeled an unqualified success.

COMB SAGE TEA IN LIFELESS, GRAY HAIR

If Mixed With Sulphur it Darkens so Naturally Nobody Can Tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—Advertisement.

GREAT OAK TREE YIELDS

NEARLY 50 CORDS WOOD

TULARE, Jan. 22.—What is believed to have been the largest oak tree in the San Joaquin valley was cut down on the Packwood ranch during the past few days and was converted into cord wood. When the firewood was corded it was found to make one-quarter less than fifty cords. This is by far the largest amount of wood from a single tree ever reported in this section.

A THROBBING story of men's passions chock full of the real adventurous spirit that was abroad in the '40s. Romance once held high carnival in the land and the electric news of gold discoveries in California drew thousands around the Horn or across Panama to the Pacific and thence to the diggings. As a picture of this feverish time when men dared all to win or lose a fortune, "GOLD" will remain unforgettable, the very restraint of its realism giving an indelible quality to the exciting and many colored life of the mining camp.

SPLENDID WORK DONE BY THE SANTA ANA CHAMBER COMMERCE

(CONTINUED FROM PAGE ONE)

been materially added to. It in part consists of three cases of stuffed birds and animals, two cases of beautiful shells, numerous pictures of local scenes, and a collection of curios of considerable value.

The equipment has been enlarged by three display stands, two tables and 60 new glass jars.

The three rooms occupied by the Chamber here have been painted, tinted, and thoroughly renovated, and present an attractive appearance. This is an important feature of the work as thousands of people gain a first impression of our resources from the exhibit and environment.

Possibly the most important achievement of this or any previous board of directors, was the enactment into law of ordinance 557 providing funds for park improvements, municipal band concerts, and advertising. The adoption of this ordinance places some of the expense formerly borne by the business and professional men, among the many taxpayers where the extremely small amount called for is not felt by anyone. Subscription lists to secure money for this, that and the other good cause are now a rare sight.

Your Chamber of Commerce is a "going concern" founded on business principles, and the loyalty of its members and friends is responsible for this satisfactory condition. They, however, should not rest content until their neighbors and friends are enlisted with the "Boosters" in helping them to help Santa Ana make good.

The Board of Directors attended 22 meetings during their term of office, and acted on the following in session and by committees:

Recommended improved car service to Orange County beach resorts.

Assisted Civic Club in a cleanup day.

Disapproved Senate Bill No. 207.

Approved Calhoun Furnace Patent.

Disapproved Assembly Bill No. 71.

Disapproved sale of lands in Napa county, intended for reformatory.

Requested stop-over privileges at Santa Ana on the Santa Fe railway.

Disapproved Assembly Bill No. 771 known as Carr Bill.

Approved and endorsed L. O. O. M. celebration June 9th.

Recommended speed limit signs at main entrances to city.

Investigated public market demand.

Investigated claims of various concerns looking for locations.

Recommended official title for the Santa Ana Polytechnic High School group of buildings.

Requested more favorable rates from northern railway points to Orange county beaches.

Approved an additional Federal judge for this district.

Approved and endorsed water and fire bonds.

Approved and endorsed ordinance No. 557.

Approved and endorsed Register Publishing Co. special edition.

Approved and endorsed application of P. E. Ry. Co. to cross S. P. and Santa Fe tracks on East Fourth St.

Approved Senate Constitutional Amendment No. 17, exempting vessels registered from California ports, from taxes, for 20 years.

Approved Clark Amendment to Assembly Bill No. 478.

Approved a system of ornamental street lighting for business section of the city.

Disapproved attempt to lower rate on dried fruits in sacks as menace to local fruit packers and labor.

Approved enactment of law protecting abalones.

Approved present route for state highway through Orange county.

Approved safety signal at First St. and P. E. Ry. crossing.

Arranged for sign on creamery building fronting Santa Fe Ry., advertising Santa Ana.

Invited G. A. R. of California and Nevada to hold 1914 convention in Santa Ana.

Approved larger navy and Pacific Coast fleet.

Appointed a committee to investigate feasibility of municipal natural gas plant.

Invited State Fruit Growers to convene here in 1914.

Made strenuous efforts to secure a Santa Ana Co-operative Government Weather Bureau.

Presented three cash prizes to high school students writing best article on Santa Ana as a home place.

Presented \$50.00 worth of trophy cups to the Orange County Bantam and Aviary Club.

Affiliated with the United States Chamber of Commerce.

Appropriated \$150 from the \$600 received from the city, for the summer's band concerts.

Live Issues

Live issues for 1914.

Publicity for Santa Ana at the San Francisco and San Diego World's Expositions.

Ornamental street lighting for business center.

A tourist hotel.

Terminal freight rates.

Public markets.

The press of this city renders invaluable assistance to the work of this body. The board appreciates this to the fullest extent and endeavors to co-operate and work in harmony, realizing that the success of the Chamber of Commerce means success for Santa Ana.

Submitted with the approval of the Board of Directors.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel
Like Lead or Bladder
Bothers

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

Wonderful Cough Remedy
Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. D. P. Law, son of Edison, Tenn., writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. 50c and \$1.00. All druggists or by mail, H. E. Los Angeles Produce Market
Another consignment of Chinese eggs arrived on the local market yesterday morning and sold rapidly for bakers' use. The eggs were sweet and of fair size, but would not sell for a strictly fresh stock. They will never be able to grade up to the best storage, not because of age or the quality of the eggs, but for the reason that they are too badly shaken up in transit to candle out well. Most of them show a broken air cell and other effects of rough handling. The shells were mostly white and heavy. There was a very good demand for eggs, but offerings were so heavy that the price dropped to 37 cents, with several sales at 35 1/2 cents reported. With better receipts the egg dealers are inclined to lower the market gradually in order to avoid a precipitous drop from 5 to 10 cents in a single day, which means to the holders of considerable stock a heavy loss. There is almost a level on egg prices throughout the United States. In San Francisco the market is quoted at 38 cents. New York at 35 cents, and Chicago at 32 cents. Arrivals yesterday totaled 287 cases.

Butter receipts were only 7610 pounds, and on this showing the price went up to 30 1/2 cents. There were a number of sales at this figure. Almost 20,000 pounds of eastern butter was reported in to augment the available local supply for a few days.

ORDINANCE NO. 104

An Ordinance prohibiting injury to county roads and other public grounds, and fixing a penalty therefor.

The Board of Supervisors of the County of Orange, State of California, do hereby ordain as follows:

Section 1. Every person who wilfully, without malice and without being authorized by the proper authorities, digs up, plows up, removes, or breaks the surface of any county road, public highway, private way, street, alley, avenue or park, or any part thereof, laid out by authority of the State of California, or otherwise injured or established, or dedicated, or recognized or otherwise used, on conviction thereof shall be punished by a fine not exceeding Twenty Dollars, or by imprisonment in the county jail, not exceeding ninety days, or by both such fine and imprisonment.

Section 2. This ordinance shall take effect on the 1st day of February, A. D. 1914, and prior to the expiration of fifteen days from the date thereof, shall be published for at least one week in the Santa Ana Daily Evening Register, a newspaper printed and published in the County of Orange, State of California, together with the names of the members of the Board of Supervisors voting for and against the same.

Section 3. B. TALBERT, Chairman of the Board of Supervisors of Orange County, State of California.

W. B. WILLIAMS, County Clerk and Ex-officio Clerk of the Board of Supervisors.

State of California, County of Orange, ss. I, W. B. Williams, County Clerk of the County of Orange, State of California, and ex-officio Clerk of the Board of Supervisors thereof, do hereby certify that at the regular meeting of the Board of Supervisors of Orange County, held on the 13th day of January, 1914, at which meeting there were present, Supervisors H. E. Smith, Wm. Schumacher, Fred W. Struck, Jasper Leck and T. B. Talbert, Chairman presiding and the Clerk, the foregoing ordinance consisting of two sections was considered section by section, and each section separately considered, and the said ordinance was thereupon passed and adopted as a whole by the following vote, to-wit: Ayes Supervisors Leck, Smith, Schumacher, Struck and Talbert. Noes, None. Absent, None.

In Witness Whereof, I have hereunto set my hand and affixed the seal of said Board of Supervisors of said Orange County, this 13th day of January, 1914.

W. B. WILLIAMS,
County Clerk and Ex-officio Clerk of the Board of Supervisors.

STOCKHOLDERS' MEETING

The annual meeting of the stockholders of the S. A. V. I. Co. will be held at the office of said corporation, in Orange, Orange County, California, on Wednesday, February 4, 1914, for the purpose of electing a board of five directors for the ensuing year and for the transaction of any other business that may properly come before the meeting.

PERMIT ISSUED FOR A HIGH BUILDING

Proposed New Bank Structure Came Up Before the City Trustees

ONLY FIFTY FEET ON BIRCH UNSIGNED

Permit Issued for Commencement of Paving Important Street

Yesterday afternoon the City Trustees issued a special permit for the construction of a new five-story building by the Farmers & Merchants National Bank at the southwest corner of Fourth and Main streets. Coming in the afternoon of the same day in which the W. H. Spurgeon Realty Co. took out its permit for a \$100,000 four-story building at Fourth and Sycamore streets, it made up one of the most unusual days that the building history of Santa Ana has ever known. The bank was represented by J. A. Turner, C. A. Riggs and W. A. Huff. The Santa Ana building ordinance was adopted at a time when steel structures in Santa Ana were of remote possibility—so much so that the makers of the ordinance did not provide for anything to fit a building such as is to go up. It was decided by the bank to build in accordance with the Los Angeles ordinance covering Class A

steel buildings. The committee explained that it wished its permit now so that the architect could proceed with the details of the work. One matter that had been discussed by a committee of the trustees was that of fire escapes and water pipes. The bank agreed to abide by the Los Angeles ordinance, by which a stairway fire escape will be erected on the west side of the building, with entrances from the hallway on each floor.

Street to Pave
A permit was issued to W. N. Crandall for tearing up South Birch street, five blocks at a time, for paving. The petition of the property owners asking for paving by private contract was granted. Attorney Steele Finley stated that every property owner on the street except one who owns a fifty-foot lot had signed the agreement, and that owner said he would pay but would not sign.

Five blocks may be torn up at one time, but the street must be in good condition before the remainder is torn up. The street will be paved its entire length.

The street committee is to select an inspector for the job.

A Difference in Working Hours
—A man's working day is 8 hours. His body organs must work perfectly 24 hours to keep him fit for 8 hours' work. Weak, sore, inactive kidneys can not do it. They must be sound and healthy active all the time. Foley Kidney Pills will make them sound and well. You can not take them into your system without good results following their use. They are tonic in action, quick in results, and contain no habit-forming drugs. Try them. Wingood's Drug Store.

KING CHRISTIAN'S VOICE PRESERVED IN PHONOGRAPH

COPENHAGEN, Jan. 22.—King Christian X is the first monarch who has talked into a phonograph for the purpose of preserving his voice for the historic phonograph archives to be preserved in the Danish royal library. He repeated in the instrument his proclamations and his speech when he received the crown after King Frederick's demise in a Hamburg street.

AT THE COURT HOUSE

SIGNS DEED ALSO NOTES UNKNOWNLY

That is Allegation of Aged Woman, Suing Daughter and Son-in-Law

Complaints Allege Fraud and Unfair Means Used to Get Signatures

Declaring that advantage was taken of Mrs. E. A. Richardson's age, weakness and trust, three actions have been brought in the superior court, two to set aside mortgages alleged to have been secured through fraud and one to set aside a deed, alleged to have been secured by fraud also. In addition to the mortgages and deeds, it is asserted that \$50 was secured.

The first of the three complaints filed by Attorney M. LaV. Blythe is an action against Alma C. Glover and her husband, A. C. Glover, who live at Rosamond, Kern county. Mrs. Glover is a daughter of Mrs. Richardson. It is alleged that Mrs. Richardson is 80 years old, and unable to read or write, and that for months she has been very weak. According to the complaint, documents were put in front of her. She was told that they were giving necessary authority for the collection of rents on her property at Huntington Beach. Thus her signature was secured to a note of unknown amount, made to an unknown person, and to a mortgage on lots 22 and 24, block 506, Huntington Beach. The alleged mortgage has never been recorded. On Dec. 29, 1913, Mrs. Richardson was told that she would have to go, and she left her daughter's home in Rosamond and went to the home of another daughter, Nancy J. Stuart. After that, it seems that Mrs. Richardson found that she had signed valuable documents.

The second complaint says that on Sept. 27, by taking advantage of Mrs. Richardson's inabilities, Glover secured her signature to a deed to four lots in block 506, Huntington Beach, and that he managed to get hold of \$500 that had been deposited in a Huntington Beach bank and that he collected \$50 for Mrs. Richardson from R. H. Winslow and that she never got the money. Judgment setting aside the deed and for the payment of \$500 is demanded.

The third complaint names the Glovers and Thomas Yates as defendants, and it asks that a mortgage of \$500 to Yates on lots 18 and 20, block 506, be ordered cancelled.

BOILERS OF GLASS FACTORY AT BEACH SUDDENLY COLLAPSE

Loss Was Probably \$2,000

—Hurried Installation Blamed

Tuesday night the boilers of the new Branagan glass factory at Newport Beach collapsed, causing a damage of \$2,000. That is the damage only in the cost of the boilers, and does not take into account the loss that will be incurred because of the long delay that will be necessary before new boilers can be secured.

The boilers and glass vats were only recently installed, and the machinery was just being used for the first time. In fact, the first glass had not yet been drawn from the melting pots.

The plant was installed by eastern workmen, who wasted no time in getting out of the section as soon as their work was completed. It is now thought that they knew that their work was defective.

Had the collapse occurred a few minutes earlier than it did, the superintendent's life would have been snuffed out. He was over the boilers up to a few minutes before the crash.

The blow is a severe one to the workmen, most of whom have stock in the factory. The superintendent is one of the heaviest stockholders. No subscription was taken for stock locally.

Santa Ana Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Santa Ana citizen:

F. P. Fraser, fruit grower, 1642 Regent St., Santa Ana, Cal., says: "Symptoms which gave evidence of weakness of the kidneys were very pronounced in my case. For a long time I had pain in my back. The action of my kidneys was too frequent, especially at night. My rest was broken. When I commenced using Doan's Kidney Pills I was in bad shape but after I took them, the pains soon stopped and all the trouble with my kidneys was removed. I hold just as high an opinion of Doan's Kidney Pills today as I did when I first recommended them a few years ago. I have had little or no use of a kidney medicine since."

URGE STRICTER ANTI-DRUG LAW
NEW YORK, Jan. 22.—Only federal legislation and the strictest execution of the law can stop the growing cocaine, morphine and heroin habit in the United States, in the opinion of today's speakers at the third day's session of the Chemical and Drug Exposition at Madison Square Garden. In speeches, and in circulars distributed, it was again urged that the New York Pharmaceutical Association, and similar associations in other states, recommend legislation requiring standard receptacles and capsules to be used for such poisons as bichloride of mercury. Before the exposition closes on January 26, it is expected that a committee will be appointed to go to Albany to urge legislation along the lines suggested in today's speeches.
